Centre Management Portal

Module-Wise Field Allocation for Development

Module 1: Centre Master

Development location: Centre Master form, centres table, Centre Master APIs.

Header	Field to Add	Type	Condition / Note
S. No.	centre_id	Auto-generated	Primary key
REGION	region_id	Dropdown	Mandatory
STATE	state_id	Dropdown	Mandatory
CITY / City Name	city_id	Dropdown	Mandatory
EDU CODE	edu_code	Text	Mandatory, unique
TC CODE	tc_code	Text	Mandatory, unique
VENUE NAME / CENTER NAME	centre_name	Text	Mandatory
VENUE ADDRESS / CENTER ADDRESS	centre_address	Text area	Mandatory
PINCODE	pincode	Text	Mandatory, validate PIN
ACTUAL STATE	actual_state_id	Dropdown	Mandatory if different from State
ACTUAL CITY	actual_city_id	Dropdown	Mandatory if applicable
Actual Node	actual_node	Text	Project-based
Venue Status (Old/New)	venue_status	Dropdown	Mandatory
Previous Edu Exam	previous_edu_exam	Text	Mandatory if Venue Status = Old
Official Email Id of the center	official_email	Email	Mandatory
Google Map Link	google_map_link	URL	Mandatory
VENUE PHOTOS	venue_photos	File upload	Mandatory/project-based
Remark	remarks	Text area	Optional
Centre Status	centre_status	Dropdown	Draft, Active, Inactive, Approved, Rejected
Organization Type	organization_type	Dropdown	Individual, Trust, Society, Partnership, Company, Other

Module 2: Centre Project Assignment

Development location: Project Assignment screen, centre_project_assignments and centre_capacity_records tables.

Header	Field to Add	Type	Condition / Note
Booking Dates	booking_start_date, booking_end_date	Date range	Mandatory
Exam Node	exam_node	Text	Linked from Centre Master
Total systems available	total_systems_available	Number	Mandatory
Exam Nodes	exam_nodes	Number	Mandatory
Buffer (@ 10%)	buffer_percentage, buffer_count	Number	Project-configurable
Registration Desk (@1:30)	registration_desk_count	Number	One desk per 30 students
Total for current exam	total_required_systems	Number	Auto-calculated
Booked Count	booked_count	Number	Cannot exceed available capacity
Total Nodes Including Buffer	total_nodes_including_buffer	Number	Auto-calculated
Working Count / Audited Count	working_count	Number	Cannot exceed total nodes
Assignment Status	assignment_status	Dropdown	Active, Completed, Cancelled

Module 3: Centre Contacts

Development location: Contacts tab, persons table, Contact APIs. Use one reusable contact form with person_type.

Header	Field to Add	Type	Condition / Note
Owner Name	full_name	Text	Owner
Contact No.	contact_number	Text	Owner
Email ID	email	Email	Owner
Father's Name	father_name	Text	Owner
Mother's Name	mother_name	Text	Owner
Aadhaar No.	aadhaar_number	Text	Owner
Permanent Address	permanent_address	Text area	Owner
Current Address	current_address	Text area	Owner
Venue CS Name	full_name	Text	Centre Head / Venue CS
Venue IT Name	full_name	Text	IT Person
Venue Electrician Name	full_name	Text	Electrician
TCA Name	full_name	Text	TCA
TCA Number	contact_number	Text	TCA
IT Person Name	full_name	Text	IT Person
IT Person Number	contact_number	Text	IT Person
Electrician Name	full_name	Text	Electrician
Electrician Number	contact_number	Text	Electrician
Centre Owner Name	full_name	Text	Owner
Center Owner Contact Number	contact_number	Text	Owner
MAIL ID	email	Email	TCA / relevant contact
Primary Contact	is_primary	Yes/No	One primary contact per type
Active Status	is_active	Boolean	System-managed

Module 4: Document Management

Development location: Documents tab, document_types and centre_documents tables, Document APIs.

Header	Field to Add	Type	Condition / Note
Confirmation Letter	confirmation_letter	Document	Mandatory/project-based
MOU (500 stamp)	mou	Document	Year configurable
NDA (100 stamp)	nda	Document	Mandatory/project-based
Owner ID Proof	owner_id_proof	Document	Mandatory
Owner Police Veri.	owner_police_verification	Document	Project-based
TCA ID Proof	tca_id_proof	Document	Project-based
TCA Police Veri.	tca_police_verification	Document	Project-based
IT ID Proof	it_id_proof	Document	Project-based
IT Police Veri.	it_police_verification	Document	Project-based
Electrician ID Proof	electrician_id_proof	Document	Project-based
Electrician PCC	electrician_pcc	Document	Project-based
TCA Authorization Letter	tca_authorization_letter	Document	Mandatory/project-based
Current Electricity Bill	electricity_bill	Document	Mandatory/project-based
Cancel Cheque	cancelled_cheque	Document	Project-based
Venue PAN	venue_pan	Document	Project-based
GST if applicable	gst_document	Document	Mandatory if GST applicable
Rent Agreement if applicable	rent_agreement	Document	Mandatory if applicable
Registration Certificate	registration_certificate	Document	Mandatory/project-based

Header	Field to Add	Type	Condition / Note
Trust Deed / Society Certificate	trust_society_certificate	Document	Mandatory if Trust/Society
Members List	members_list	Document	Mandatory if Trust/Society
Affiliation Letter	affiliation_letter	Document	Mandatory if applicable
Partnership Deed	partnership_deed	Document	Mandatory if Partnership
Partner KYC	partner_kyc	Document	Mandatory if Partnership
Signature Authorization	signature_authorization	Document	Mandatory if Partnership
Venue Resource Data Sheet	venue_resource_data_sheet	Document	Audit/project-based

Module 5: Confirmation and Consent

Development location: Confirmation tab, centre_confirmations table.

Header	Field to Add	Type	Condition / Note
Confirmation Status	confirmation_status	Dropdown	Mandatory
Confirmation letter (Received/Not Received)	confirmation_letter_status	Dropdown	Mandatory
Consent letter (Received/Not Received)	consent_letter_status	Dropdown	Mandatory
Confirmation Letter Link	confirmation_letter_link	URL	Mandatory if received
Consent Letter Link	consent_letter_link	URL	Mandatory if received
Confirmation Letter	confirmation_letter_file	File upload	Mandatory if received
Consent Letter	consent_letter_file	File upload	Mandatory if received
EF Data Link	ef_manpower_id	Reference	Link to EF Manpower module

Module 6: Infrastructure — Building and Labs

Development location: Infrastructure tab, buildings, labs, and infrastructure_records tables.

Header	Field to Add	Type	Condition / Note
No of buildings	building_count	Number	Mandatory
No of floors	floor_count	Number	Mandatory
Lab Details	Building/Floor/Lab records	Structured records	Mandatory
Labs on Ground floor	ground_floor_lab	Yes/No	Mandatory if PH Count > 0
Total systems available	total_systems	Number	Mandatory
Operating System	operating_system	Dropdown/text	Mandatory
System Hardisk & RAM Capacity	storage_gb, ram_gb	Number	Mandatory
Processor (Mention The Ghz)	processor, processor_speed_ghz	Text/number	Mandatory
Partitions/Canopie	partition_canopy	Yes/No	Mandatory
Temporary/permanent partitions	partition_type	Dropdown	Audit checklist

Module 7: Infrastructure — Power and Network

Development location: Infrastructure tab, power_records and network_records tables.

Header	Field to Add	Type	Condition / Note
Single / Multiple LAN	lan_type	Dropdown	Mandatory
UPS (KVA)	ups_available	Yes/No	Mandatory
UPS Capacity	ups_capacity_kva	Number	Mandatory if UPS = Yes
GENSET (KVA)	genset_available	Yes/No	Mandatory

Header	Field to Add	Type	Condition / Note
Genset Capacity	genset_capacity_kva	Number	Mandatory if Genset = Yes
Backup GENSET (KVA)	backup_genset_available	Yes/No	Mandatory
Backup Genset Capacity	backup_genset_capacity_kva	Number	Mandatory if Backup Genset = Yes
1 GBPS core switch	core_switch_1gbps	Yes/No	Audit checklist
Primary Internet	primary_internet	Yes/No	Mandatory
Backup Internet	backup_internet	Yes/No	Mandatory
IP Scanning	ip_scanning	Yes/No	Audit checklist
Network Diagram	network_diagram	Yes/No + file	Audit checklist
Dedicated server room with access control	server_room_access_control	Yes/No	Audit checklist

Module 8: Infrastructure — Security and Facilities

Development location: Infrastructure/Facilities tab, facility_records table.

Header	Field to Add	Type	Condition / Note
CCTV Available	cctv_available	Yes/No	Mandatory
No. of CCTV	cctv_count	Number	Mandatory if CCTV = Yes
AC Availability	ac_available	Yes/No	Mandatory
Lift Facility	lift_available	Yes/No	Mandatory
Washroom Facility (Male & Female)	washroom_available	Yes/No	Mandatory
Parking Facility	parking_available	Yes/No	Mandatory
Locker/Baggage for Candidates	locker_available	Yes/No	Mandatory
Waiting Area Facility	waiting_area_available	Yes/No	Mandatory
Distance from main City	distance_from_city_km	Number	Mandatory
Nearest Railway Station	nearest_railway_station	Text	Mandatory
Nearest Police Station	nearest_police_station	Text	Mandatory

Module 9: Accessibility / PH Facilities

Development location: Accessibility tab, accessibility_records table.

Header	Field to Add	Type	Condition / Note
PH Friendly (Yes/No)	ph_friendly	Yes/No	Mandatory
PH Count	ph_count	Number	Mandatory if PH Friendly = Yes
PH count details	ph_facility_details	Text	Mandatory if PH Count > 0
Labs on Ground floor	ground_floor_lab	Yes/No	Mandatory if PH Count > 0
PH Friendly Restroom	accessible_restroom	Yes/No	Mandatory if PH Count > 0
Ramp with railing for wheelchair access	wheelchair_ramp	Yes/No	Mandatory if PH Count > 0

Module 10: EF Manpower

Development location: EF Manpower tab, ef_manpower and ef_manpower_documents tables, Centre User APIs.

Header	Field to Add	Type	Condition / Note
S NO	ef_manpower_id	Auto-generated	Primary key
REGION	region_id	Dropdown	Auto-populated from centre
STATE	state_id	Dropdown	Auto-populated from centre
CITY	city_id	Dropdown	Auto-populated from centre
CENTER NAME	centre_id	Reference	Auto-populated; read-only

Header	Field to Add	Type	Condition / Note
CENTER ADDRESS	centre_address	Text	Auto-populated; read-only
NAME	full_name	Text	Mandatory
DATE OF BIRTH	date_of_birth	Date	Mandatory
MOBILE NUMBER	mobile_number	Text	Mandatory, validate mobile
EMAIL	email	Email	Mandatory
GENDER	gender	Dropdown	Mandatory
AADHAAR NUMBER	aadhaar_number	Text	Mandatory; Admin-only edit/delete after submission
FATHER NAME	father_name	Text	Mandatory
MOTHER NAME	mother_name	Text	Mandatory
CURRENT FULL ADDRESS	current_address	Text area	Mandatory
PERMANENT ADDRESS SAME AS CURRENT ADDRESS	permanent_address_same_as_current	Yes/No	Mandatory
PERMANENT ADDRESS	permanent_address	Text area	Mandatory if answer = No
DEFAULT ROLE	default_role	Dropdown	Mandatory
EF Data Link	EF Manpower Record	Reference	Replaces external URL
PAN Number	pan_number	Text	Project-based
Aadhaar Proof	aadhaar_proof	File	Project-based
PAN Proof	pan_proof	File	Project-based
Address Proof	address_proof	File	Mandatory
Employment Details	employment_details	Text/file	Mandatory
Employment Type	employment_type	Dropdown	Own / Hired / Agency
Police Verification	police_verification	Dropdown/file	Project-based
Record Status	record_status	Dropdown	Draft, Submitted, Verified, Approved, Rejected
Remarks	remarks	Text	Optional

Module 11: EF Attendance

Development location: EF Attendance tab, ef_manpower_attendance table, Centre User APIs.

Header	Field to Add	Type	Condition / Note
EF Manpower	ef_manpower_id	Reference	Mandatory
Centre	centre_id	Reference	Auto-populated
Project/Assignment	assignment_id	Reference	Auto-populated
Attendance Date	attendance_date	Date	Mandatory
Batch/Shift	batch_or_shift	Dropdown/text	Mandatory
Check-in Time	check_in_time	Time	Optional/configurable
Check-out Time	check_out_time	Time	Optional/configurable
Attendance Status	attendance_status	Dropdown	Present, Absent, Leave, Half Day
Attendance File	attendance_file	File upload	Optional
Uploaded By	uploaded_by	User reference	Auto-captured
Verification Status	verification_status	Dropdown	Pending, Verified, Rejected
Remarks	remarks	Text	Optional

Module 12: Manpower and Frisking

Development location: Manpower tab, centre_manpower_records table.

Header	Field to Add	Type	Condition / Note
Exam Manpower (Own / Hired)	manpower_type	Dropdown	Mandatory
Male & Female Frisking Staff	frisking_staff_available	Yes/No	Mandatory
Male Frisking Staff Count	male_frisking_staff_count	Number	Mandatory if frisking = Yes
Female Frisking Staff Count	female_frisking_staff_count	Number	Mandatory if frisking = Yes
ID Proof Submitted	identity_verification_status	Dropdown	Owner/TCA/IT as applicable
Background Verification Completed	police_verification_status	Dropdown	Owner/TCA/IT as applicable

Module 13: Audit Management

Development location: Audit tab, audit_visits table, Audit APIs. Every audit visit must be a separate record.

Header	Field to Add	Type	Condition / Note
Sr.No.	audit_visit_id	Auto-generated	Primary key
CITY	city_id	Dropdown	Auto-populated
VENUE NAME	centre_id	Reference	Auto-populated
VENUE ADDRESS	centre_address	Text	Auto-populated
LANDMARK	landmark	Text	Mandatory/configurable
PINCODE	pincode	Text	Auto-populated
AUDIT DATE	audit_date	Date	Mandatory
AUDITOR NAME	auditor_name	Text	Mandatory
AUDIT STATUS	audit_status	Dropdown	Planned, Scheduled, In Progress, Completed, Failed, Re-Audit Required
DATA FILLED BY	data_filled_by	User reference	Auto-captured
Remarks	remarks	Text area	Optional
AUDIT REPORT	audit_report_status	Yes/No	Mandatory
Re-audit	re_audit_required, re_audit_date	Yes/No, Date	Mandatory if re-audit required

Module 14: Audit — Capacity

Development location: Audit Capacity section, audit_visits table.

Header	Field to Add	Type	Condition / Note
TOTAL COUNT AVAILABLE	total_count_available	Number	Mandatory
BOOKED COUNT	booked_count	Number	Cannot exceed available
BUFFER COUNT	buffer_count	Number	Project-configurable
TOTAL NODES AVAILABLE INCLUDING BUFFER	total_nodes_including_buffer	Number	Auto-calculated
WORKING COUNT / AUDITED COUNT	working_count	Number	Cannot exceed total nodes
Exam Nodes	exam_nodes	Number	Mandatory
Registration Desk	registration_desk_count	Number	One per 30 students

Module 15: Audit — Documents and Compliance

Development location: Audit Checklist section, audit_checklist_results table.

Header	Field to Add	Type	Condition / Note
CONFIRMATION LETTER & NDA	confirmation_letter_nda	Yes/No + file	Audit checklist
MOU 2025	mou	Yes/No + file	Document year configurable
TCA Authorization Letter	tca_authorization_letter	Yes/No + file	Audit checklist

Header	Field to Add	Type	Condition / Note
Venue Registration Certificate	registration_certificate	Yes/No + file	Audit checklist
Center Owner ID Proof	owner_id_proof	Yes/No + file	Audit checklist
Center Head ID Proof	centre_head_id_proof	Yes/No + file	Audit checklist
Network Head ID Proof	network_head_id_proof	Yes/No + file	Audit checklist
Electrician ID Proof	electrician_id_proof	Yes/No + file	Audit checklist
Electricity Bill	electricity_bill	Yes/No + file	Audit checklist
Venue Resource Data Sheet	venue_resource_data_sheet	Yes/No + file	Audit checklist
IP SCANNING	ip_scanning	Yes/No + file	Audit checklist
Network Diagram	network_diagram	Yes/No + file	Audit checklist
VENUE PHOTOGRAPHS	venue_photographs	Yes/No + file	Audit checklist
LAB LAYOUT	lab_layout	Yes/No + file	Audit checklist
SSC AUDIT REPORT	ssc_audit_report	Yes/No + file	Project-based
EDUQUITY AUDIT REPORT	eduquity_audit_report	Yes/No + file	Project-based
ASSESSINFRA AUDIT	assessinfra_audit	Yes/No + file	Project-based

Module 16: Audit — Technical Requirements

Development location: Technical Audit Checklist section, audit_checklist_results table.

Header	Field to Add	Type	Condition / Note
Processor (i3 or higher)	processor_compliance	Pass/Fail	Mandatory
RAM (above 4 GB)	ram_compliance	Pass/Fail	Mandatory
HDD (500 GB)	hdd_compliance	Pass/Fail	Mandatory
Monitor (17" and above)	monitor_compliance	Pass/Fail	Mandatory
Operating systems (Windows 10 pro)	os_compliance	Pass/Fail	Mandatory
UPS (Capacity)	ups_capacity	Number	Conditional
DG (Capacity)	dg_capacity	Number	Conditional
1 GBPS core switch	core_switch	Yes/No	Audit checklist
CCTV	cctv	Yes/No	Audit checklist
ACs	ac	Yes/No	Audit checklist
Primary Internet	primary_internet	Yes/No	Audit checklist
Backup Internet	backup_internet	Yes/No	Audit checklist
Temporary/permanent partitions	partition_type	Dropdown	Audit checklist
Dedicated server room with access control	server_room_access_control	Yes/No	Audit checklist
REMARK	technical_audit_remarks	Text	Optional

Module 17: Approval, Status and Audit Trail

Development location: Approval workflow, approval_workflows, audit_logs, and status fields across modules.

Header	Field to Add	Type	Condition / Note
Confirmation Status	confirmation_status	Dropdown	PM/Admin
Audit Status	Latest Audit Status	Auto-derived	From latest audit visit
Police Verification Status	police_verification_status	Dropdown	Owner/TCA/IT
ID Proof Submitted	identity_document_status	Dropdown	Owner/TCA/IT
Centre Status	centre_status	Dropdown	Admin-controlled
Approval Status	approval_status	Dropdown	Admin-only approval

Header	Field to Add	Type	Condition / Note
Remarks	status_remarks	Text	Mandatory for rejection/correction
Data Filled By	created_by	User reference	Auto-captured
Created/Updated Date	created_at, updated_at	Timestamp	Auto-captured

Module 18: Reports and MIS

Development location: Reports module, report APIs, export APIs.

Report / Field	Details
Centre Master Report	Region, State, City, EDU Code, TC Code, Centre Name, Address, Status
Document Compliance Report	Document type, status, expiry, verification status
Expiry Report	Documents expiring in 60, 30, 15, and 7 days
Audit Status Report	Latest audit, audit status, failed checks, re-audit
Capacity Report	Available systems, exam nodes, buffer, registration desk, total required
Manpower Report	EF manpower, role, document status, approval status
Attendance Report	Centre, manpower, date, attendance status, verification
PH/Accessibility Report	PH count, ramp, accessible restroom, ground-floor lab
Centre Comparison Report	Missing documents, audit gaps, capacity gaps, approval status
Import Error Report	File name, row number, field, error message

Module 19: Import Module

Development location: Import screen, import_batches and import_errors tables.

Report / Field	Details
File Upload	Excel, CSV, or text file
Header Mapping	Map uploaded headers to portal fields
Import Type	Centre Master, Contacts, Documents, Audit, Infrastructure, EF Manpower
Import Mode	Create, Update, Upsert
Row Validation	Mandatory fields, duplicates, formats, conditional fields
Preview	Show valid records before final import
Import Log	Imported records, failed records, warnings
Error Report	Row number, field name, error message

Module 20: Notifications

Development location: Notification service, notifications table, scheduler/cron job.

Report / Field	Details
Document Expiry	60, 30, 15, and 7 days before expiry
Document Expired	On expiry date and after expiry
Missing Mandatory Document	Before centre approval
Audit Pending	Before project start or audit due date
Audit Failed	When audit status = Failed
Re-Audit Required	When re-audit flag = Yes
Correction Required	When PM/Admin returns record
Approval Pending	When record is ready for Admin approval
Manpower Document Missing	When EF manpower document is pending
Attendance Pending	When attendance is not uploaded for scheduled date

Implementation Instructions for Development Team

1. Do not create one large flat table using all headers.
2. Create separate modules and tables as listed in this document.
3. Link Centre Master to all other modules using centre_id.
4. Link project-specific data using assignment_id.
5. Maintain audit records separately for every audit visit.
6. Use configurable document and audit checklist masters.
7. Auto-calculate buffer, registration desk, and total required systems.
8. Apply conditional validation for GST, rent agreement, trust/society, partnership, PH facilities, UPS, Genset, and CCTV.
9. Restrict Aadhaar/PAN edit, delete, and full visibility to Admin.
10. Log all sensitive-data access and changes.
11. Send document expiry notifications automatically.
12. Provide Excel/CSV/text import with validation, preview, and error reporting.
13. Build centre comparison reports for documents, audits, capacity, manpower, and approval gaps.

Suggested Development Order

1. Centre Master
2. Centre Project Assignment
3. Centre Contacts
4. Document Management
5. Confirmation and Consent
6. Infrastructure — Building and Labs
7. Infrastructure — Power and Network
8. Infrastructure — Security and Facilities
9. Accessibility / PH Facilities
10. Audit Management
11. Audit Capacity
12. Audit Documents and Compliance
13. Audit Technical Requirements
14. EF Manpower
15. EF Attendance
16. Approval and Status
17. Reports and MIS
18. Import Module
19. Notifications
20. Audit Logs and Security
